

COVID-19 UPDATE from Nelson's Family Campground – July 6, 2020

First and foremost, we hope you and your families are healthy and well. At Nelson's Family Campground, the health and safety of our guests and family is the highest priority and will remain the main factor in our decision making during this time. We continue to monitor our governing authorities and educating ourselves with respect to the current pandemic event. Our goal is to move slowly and be diligent in our decisions and do our part to slow the spread of COVID-19.

Summer camping is fun, and you can cool off in our pool! We are accepting reservations from self-contained units (trailers) for the 2020 summer and fall season. Sorry, but we are not accepting reservations for tent camping this season. BONUS: Fall camping is beautiful too, and we will be open until 10/25/20 this year due to our delayed opening.

The following steps will require us to adjust our processes, develop new social habits, and for all of us to be accepting of some variations in the way we would normally do things.

- We are following the CDC/Government guidelines.
- Social distancing is the name of the game, masks when required.
- The bath houses are open on a limited basis.
- Recreation hall and sports areas are closed.
- No gatherings of 11 or more
- Visitors are welcome on a limited basis. [Please click here for more information about our Visitor Policy.](#)
- If you are sick, stay home.
- Limited in-person activities. We will post "social distancing" activities on Facebook.
- We have FREE wi-fi and streaming for everyone is FREE this season.

Summer Fun Things to Enjoy (COVID guidelines must be adhered to):

- Our playground is open on a limited basis
- Our pool is open (reservations needed)
- Bike Riding
- Playing with friend
- Shuffleboard for Families
- Horseshoes

- Corn Hole
- Music at the Pool
- Frisbee, Soccer, Playing Catch
- Campfires
- Family Time
- Zoom Activities and Fun
- Picnic with Friends (5 person max to visit per site)
- A Store Full of Goodies for Purchase (masks required)

These are just a few ways we are trying to make an unprecedented time in our lives more fun.

Please help us to remain open by following these guidelines.

Like most campgrounds in Connecticut and, in fact, throughout the country, we are a family operation. We are moving slowly and step by step to minimize risks to our customers and staff. We want to thank all the guests who have camped with us so far in 2020! Your compliance of the rules and guidelines is appreciated. Your support during this time means a lot to us – especially through all the changes. Our goal is still to be “where your family is making memories with our family.”
